**II. Complaints**
1. **CR14-56**

Dr. Jones moved to set the matter for an adjudicatory hearing and authorize AAG Miller to negotiate a consent agreement to include probation with the following terms: 1) the licensee must have a system in place by March 15, 2016 to have all office notes typed; 2) a review of six (6) medical records by the Board in April 2016; and 3) the licensee must complete or be enrolled in a course regarding medical record keeping within six (6) months. Dr. Dumont seconded the motion, which passed 6-0-0-2. Dr. Gieaton and Dr. Barnhart were recused from this matter and left the room.

2. **CR15-123**

Dr. Jones moved to dismiss the complaint. Dr. Sacchetti seconded the motion, which passed unanimously.

**MOTION:** A patient complains about her evaluation by a physical and rehabilitative physician at an orthopedic spine clinic. Review of the record reveals thoughtful, conservative, reasonable care. She was appropriately referred to other physicians for further care. The patient raised HIPAA compliance concerns; the physician addressed these concerns with her staff to make improvements.

3. **CR15-144**

Dr. Sacchetti moved to dismiss the complaint. Dr. Jones seconded the motion, which passed unanimously.

**MOTION:** The complainant saw the physician for a disability examination in 2012 and contends that the examination report resulted in a negative disability determination, to his detriment. A review of relevant records does not support the allegation, and there is no evidence of violation of a Board statute or rule.

4. **CR15-138**

Dr. Sacchetti moved to dismiss the complaint. Dr. Jones seconded the motion, which passed 7-0-0-1. Dr. Dumont was recused from this matter and left the room.

**MOTION:** The complaint is submitted by the patient’s daughter, in whom the patient confided days before dying of cancer. Based on what was communicated, the daughter conjectures that the patient might still be alive if certain symptoms had been properly addressed. She alleges that the physician knew of such symptoms and failed to address them. Review of the medical record shows the patient was seen regularly by the physician whose history and exam findings revealed nothing unexpected or unusual, including information obtained during a routine office visit one month prior to the patient’s rapid decline. The pathology revealed an aggressive form of lung cancer, which explains why it spread so quickly.
5. CR15-147

Dr. Dumont moved to require the physician to undergo a § 3286 evaluation. Mr. Ross seconded the motion, which passed 7-0-0-1. Dr. Jones was recused from this matter and left the room.

6. CR15-95

Dr. Dumont moved to set the matter for an adjudicatory hearing and to authorize AAG Miller to negotiate a consent agreement to include the following terms: 1) revocation of license; 2) assessment of costs of investigation; and 3) assessment of a $1,000 fine. Dr. Jones seconded the motion, which passed unanimously.

7. CR15-104

Dr. Barnhart moved to set the matter for an informal conference. Mr. Ross seconded the motion, which passed unanimously.

8. CR15-118

Ms. Weinstein moved to dismiss the complaint. Dr. Jones seconded the motion, which passed unanimously.

MOTION: The patient complains that the physician did not address his symptoms adequately. In a follow up appointment the physician had better success communicating his findings with the patient. The physician learned from this experience several ways to improve his ability to explain medical information to patients.

9. CR15-119

Ms. Weinstein moved to dismiss the complaint. Dr. Jones seconded the motion, which passed unanimously.

MOTION: The patient complains about the care he received from the medical director of a primary care clinic. The complaint concerned pain care management. Review of the medical record reveals thoughtful, appropriate care.

10. CR15-120

Ms. Weinstein moved to dismiss the complaint. Dr. Jones seconded the motion, which passed unanimously.

MOTION: The patient complains about the care he received from his primary care physician. The complaint concerned treatment of a neurologic disorder. Review of the medical record reveals thoughtful, appropriate care.
11. CR15-128

Mr. Ross moved to dismiss the complaint. Dr. Jones seconded the motion, which passed 7-0-0-1. Dr. Sacchetti was recused from this matter and left the room.

**MOTION:** The patient’s grandson complains that the physician did not order a neurological assessment of his grandmother and is practicing beyond his scope of practice. The physician explained his relations with the patient and her family, has ordered the neurological assessment, and now all agree on the diagnosis.

12. CR15-135

Dr. Jones moved to investigate further. Dr. Sacchetti seconded the motion, which passed 7-0-0-1. Dr. Dumont was recused from this matter and left the room.

13. CR15-139

Mr. Ross moved to investigate further. Dr. Sacchetti seconded the motion, which passed unanimously.

14. CR15-142

Mr. Ross moved to allow the complainant to withdraw the complaint. Dr. Jones seconded the motion, which passed unanimously.

15. CR15-143

Dr. Barnhart moved to dismiss the complaint. Mr. Ross seconded the motion, which passed 7-0-0-1. Dr. Dumont was recused from this matter and left the room.

**MOTION:** The patient complains about the physician’s attitude and unprofessional manner during an office visit and examination. The physician explains that he saw the patient only once, conducted the appropriate interview and examination, and did his best to explain his findings. The patient did not accept the findings.

By letter dated October 8, 2015, the Licensee was notified of the date of the hearing. On November 2, 2015, following a prehearing conference, a Conference Order was issued setting deadlines for the submission of exhibits and witness lists.

on June 3, 2014, the Licensee acknowledged that on or about November 29, 2012, he
instructed an administrative assistant to type a reference letter on behalf of another
physician and instructed that the letter should state that the physician had worked under the
Licensee’s direction for two months at the Tunnell Cancer Center at the Beebe Medical
Center in Lewes, Delaware. (State Exh. #8.) The Licensee instructed the administrative
assistant to use a previous letter he had written for another physician as a template. (State
Exh. #8.) Neither physician, however, had ever worked with the Licensee or at the Tunnell
Cancer Center. (State Exh. #8.) Both physicians had graduated from foreign medical
schools and were seeking admission to residency programs in the United States. (State
Exh. #8.) The second letter of recommendation was not mailed. (State Exh. #8.) As a
sanction for the Licensee’s unprofessional conduct, pursuant to the Consent Agreement, the
Delaware Medical Board imposed a letter of reprimand and a fine of $2,000 and ordered
him to undertake five hours of continuing education in the area of ethics. (State Exh. #8.)
2. The Licensee wrote the deceptive letters in an effort to assist the two foreign physicians in gaining admittance to residency programs in the United States. (Testimony of Licensee.) The Licensee acknowledged that his actions were wrong. (Testimony of Licensee.)

3. On June 25, 2014, the Chief of Medicine and the President of Medical Staff at Beebe Healthcare reported to the Delaware Division of Professional Regulation that the Licensee had committed conduct they considered to be unprofessional, which had resulted in his separation from employment. (State Exh. #11.) In July 2014, the Delaware Medical Board notified the Licensee that Beebe Healthcare had filed a complaint against him. (Testimony of Licensee; Ford.) In September 2014, through counsel, the Licensee filed a response to the complaint with the Delaware Medical Board. (Testimony of Ford.)

4. On October 27, 2014, the Licensee filed a Uniform Application for Physician Licensure seeking licensure in Maine. (State Exh. #5.) The Licensee disclosed his 2012 conduct in Delaware that led to the June 2014 Consent Agreement with the Delaware Medical Board, although he described his error as relating to only one medical student rather than two. (State Exh. #5.) The Licensee indicated that he had no other history of any disciplinary action. (State Exh. #5.)

5. Pursuant to his application, on October 31, 2014, the Licensee signed an affidavit indicating that he would immediately notify the Board in writing of any changes to the answers to any of the questions contained in his application if such a change occurred at any time prior to a license to practice medicine being granted to him by the Board. (State Exh. #5.) In the affidavit, the Licensee also attested to his understanding that his failure to answer questions contained in the application truthfully and completely could lead to denial, revocation, or other disciplinary sanction of his license to practice medicine. (State Exh. #5.)
6. On December 9, 2014, a complaint was filed against the Licensee by the Delaware Medical Board and the Delaware Attorney General regarding the May 2014 incident at Beebe Healthcare. (State Exh. #10.)

7. The Licensee’s application for licensure as a medical doctor in Maine was granted on February 10, 2015. (State Exh. #2.) His license expires on May 31, 2016. (State Exh. #2.)

8. The Licensee did not report the second Delaware complaint to the Board on his application or at any time before he was licensed. (Testimony of Licensee.) He testified that he had been informed by his Delaware attorney that the second matter would be resolved and he did not want reporting it to impact his ability to get a job since at the time of his application he was unemployed. (Testimony of Licensee.) The Licensee attributed the complaint filed by Beebe Healthcare to an internal disagreement between the hospital administration and himself. (Testimony of Licensee.) He also testified that he did not remember that the application required him to tell the Board of any new disciplinary action. (Testimony of Licensee.)

9. On March 19, 2015, the Licensee signed a Consent Agreement, approved by the Delaware Medical Board on April 7, 2015, regarding his May 2014 actions. (State Exh. #11.) In the Consent Agreement, the Licensee acknowledged that on May 1, 2014, he had dispensed a prior patient’s oral chemotherapy medication to a current patient in an unlabeled container and in violation of hospital policy, without documenting the patient’s medical records to indicate that he had provided her with the medication or to include the instructions he had provided regarding the medication. (State Exh. #11.) The Licensee provided the medication to the patient, whose cancer was rapidly progressing, as a sample while he sought insurance approval for a prescription. (Testimony of Licensee.) The Licensee documented the clinical protocol on his medical note but did not document the patient’s
electronic medical record to indicate that the medication had been provided to the patient with instructions. (State Exh. #11.) Before the patient took the medication, however, the Licensee contacted her and instructed her not to take it and to instead return it to him because it would not likely be approved by her insurance company for payment in combination with another medication he had prescribed. (State Exh. #11.) The Licensee also acknowledged in the Consent Agreement that on or about May 20, 2014, in anticipation of a meeting with Beebe Healthcare administration, he had drafted a letter in defense of his conduct as if it was written by the patient and the following day requested that the patient come to his office while she was in the facility for treatment. (State Exh. #11; Testimony of Licensee.) The patient signed four original copies of the letter because she did not want the Licensee to get into any trouble, although she reported to Beebe Healthcare administration that she was uncomfortable and did not entirely agree with the letter. (State Exh. #11.) At the November 10, 2015, hearing, the Licensee expressed remorse for asking the patient to sign the letter. (Testimony of Licensee.)

10. In the Consent Agreement, the Licensee agreed that his conduct was unprofessional and in violation of Delaware statutes. (State Exh. #11.) As a sanction, the Licensee was required to provide quarterly reports to the Board for two years, take ten additional hours of continuing education in the area of professionalism, and pay a $1,000 fine. (State Exh. #11.)

11. On April 28, 2015, a National Practitioner Databank report was issued indicating that the Licensee had been disciplined a second time by the Delaware Medical Board on April 7, 2015. (State Exh. #6.)

12. By letter dated May 27, 2015, the Board notified the Licensee that a complaint had been initiated against his Maine medical license regarding his failure to inform the Board of the
complaint filed with the Delaware Division of Professional Regulation by Beebe Healthcare in June 2014, the December 2014 complaint filed against the Licensee by the Delaware Attorney General, and the subsequent Consent Agreement that the Licensee signed on March 19, 2015. (State Exh. #3.)

13. On June 17, 2015, the Licensee filed a response to the complaint with the Board. (State Exh. #4.)

14. The Licensee currently practices medicine on a temporary basis in North Carolina.

(Testimony of Licensee.) He is experiencing consequences from the two disciplinary actions in Delaware including refusal of some insurers to cover the medical treatment he provides to patients. (Testimony of Licensee.)

IV. CONCLUSIONS OF LAW

The Board, considering the above facts and those alluded to in the record but not referred to herein, determined that it had jurisdiction over Licensee Aasim Shaheen Sehbi, M.D., and concluded as follows with regard to the allegations in the notice of hearing:

1. By unanimous vote, that the Licensee engaged in the practices of fraud, deceit, and misrepresentation in obtaining a license by misrepresenting the facts of the first disciplinary action taken against him by the Delaware Medical Board and by failing to disclose the complaint filed with the Delaware Division of Professional Regulation by Beebe Healthcare in June 2014, the December 2014 complaint filed against the Licensee by the Delaware Attorney General, and the subsequent Consent Agreement that the Licensee signed on March 19, 2015, in violation of 32 M.R.S. § 3282-A(2)(A).

2. By unanimous vote, that the Licensee did not engage in unprofessional conduct by violating a standard of professional behavior in the practice of medicine in violation of 32 M.R.S. § 3282-A(2)(F).

3. By unanimous vote, that the Licensee was the subject of disciplinary action in Delaware for conduct that would, if committed in the State of Maine, constitute grounds for discipline, by committing unprofessional conduct by issuing two fraudulent letters of recommendation and by asking a patient in May 2014 to sign a letter he drafted, subject to discipline pursuant to 32 M.R.S. §§ 3282-A(2)(M) & 3282-A(2)(F).

4. By unanimous vote, imposed the following sanctions for the Licensee’s violations:

   a. A reprimand.

   b. A fine of $1,000, payable within six months of the date of this Decision and Order.

Payment shall be remitted to the attention of Katie Feliciano, Investigative Secretary, Maine
Board of Licensure in Medicine, 137 State House Station, Augusta, Maine 04333-0137, by check or money order payable to the Treasurer, State of Maine.

c. A condition of probation, which takes effect upon commencing the practice of medicine in Maine, that the Licensee must inform the Board of his employer.
