The Maine Public Utilities Commission (“MPUC”), pursuant to Rule 602 of the Federal Energy Regulatory Commission (“Commission” or “FERC”) Rules of Practice and Procedure, 18 C.F.R. § 385.602, hereby respectfully files comments in support of the Offer of Settlement (“Settlement”) filed by the Northern Maine System Administrator, Inc. (“NMISA”) on April 11, 2017. The Settlement resolves the issues set for hearing and settlement in this matter by providing that “the amendment to Market Rule 10.2(d) that was accepted and permitted to become effective by the December 22 [Commission] Order shall remain in effect unless and until modified by lawful action of the Commission.” Settlement, II.1. In comments filed on November 23, 2017, the MPUC stated its support for the amendment to Market Rule 10 that is the subject of this settlement. The MPUC continues to support this amendment and accordingly supports the Settlement.
