TO: Interested Parties

FROM: Anthony Marple, Director, Office of MaineCare Services

This letter gives notice of a proposed rule: MaineCare Benefits Manual, Chapters II & III, Section 28, Rehabilitative and Community Support Services for Children with Cognitive Impairments and Functional Limitations and Repeal of Chapters II & III, Section 24, Day Habilitation Services. The Department is proposing a new MaineCare section, Section 28, which will provide current Section 24 services, as well as additional services, to an expanded children’s eligibility group. The Department is repealing Section 24 because it is deleting this service for adults. The Department anticipates that most adults who now receive Section 24 services will be provided this service under some institutional providers. The Department will provide advance written notice to members to inform them of this reduction and change in service.

Children will receive rehabilitation and community support services that include assessment, treatment and Specialized Services. HIPAA compliant coding will be utilized and the reimbursement codes will comport with the new MaineCare reimbursement system, Maine Integrated Health Management Solution, MIMHS. All services must be prior authorized and identified on an Individualized Treatment Plan. Qualified Staff will provide the service.

Rules and related rulemaking documents may be reviewed at and printed from the Office of MaineCare Services website at or, http://www.maine.gov/dhhs/oms/rules/provider_rules_policies.html or a fee, interested parties may request a paper copy of rules by calling 207-287-9368.
