Augusta, ME 04333, without making a copy. Your cooperation in protecting confidential information is greatly appreciated.
Maine CDC H1N1 Feedback Survey

As many of you know, we are in the process of conducting numerous in-person debriefings across the state with stakeholders on the H1N1 efforts. We hope you have had a chance to participate in these. However, we recognize some are unable to attend these forums, and even if you have been able to, certain types of feedback are easier to provide by responding to a survey.

Therefore, we are providing the link below to a Survey Monkey as a mechanism to provide us confidential feedback on the H1N1 efforts. We encourage you to participate in this survey, which should take no longer than 15 - 30 minutes. Additionally, we ask that you forward it to other stakeholders. We are eager to have as many people as possible fill it out so we can obtain as broad feedback as possible.

Thank you ahead of time for taking the time to provide this important information.
