**SUBJECT:** Emergency Major Substantive Rule – Chapter 101, MaineCare Benefits Manual, Section 21, Chapter III, Allowances for Home and Community Benefits for Adults with Intellectual Disabilities or Autistic Disorder.

This letter gives notice of an Emergency Major Substantive Rule, MaineCare Benefits Manual, Section 21, Chapter III, Allowances for Home and Community Benefits for Adults with Intellectual Disabilities or Autistic Disorder. This Emergency Major Substantive Rule makes the following changes, and those rule changes will be effective as of September 1, 2014:

This emergency rule allows MaineCare reimbursement for the following new services:

Home Support – Remote Support services which includes: (a) Home support- Remote Support – Monitor Only; and (b) Home support – Remote Support – Interactive Support.

This emergency rule allows MaineCare reimbursement for the following new services: Assistive Technology services, which includes: (a) Assistive Technology – Assessment services; (b) Assistive Technology – Transmission (Utility Services); and (c) Assistive Technology – Devices services. Adding these services complies with P.L. 2013, Ch. 368, PART SS, which authorized MaineCare “reimbursement for the use of appropriate electronic technology as a means of reducing the costs of supporting people currently being served...”

The Department is adding a new modifier (“U5”) to the code for all of the Home Support – Family Centered Support – which indicates that the services are Family Centered Support services.

The Department is adding another new service: Career Planning services.

This emergency major substantive rule also separates out services, Home Support into four different services. Home Support-Agency Home Support (Per Diem), Home Support-Quarter Hour (1/4 hour), Home Support-Family Centered Support and Home Support-Shared Living.

The Department is deleting some of the language in the second paragraph of Principle 1900 (Billing Procedure), that relates to rates for Work Support Services – Group, and replacing the language with the actual rates per unit, depending on the number of members in a group.

This emergency rule also adds a service, which can be provided by a new type of provider: “Occupational Therapy (Maintenance) – which can be provided by a Certified Occupational Therapy Assistant (COTA) under the supervision of an Occupational Therapist Registered (OTR).

On March 18, 2014, the Department proposed rules for Chapter III, Section 21, which it will provisionally adopt on or about August 20, 2014. The provisionally adopted rule cannot be permanently adopted until the Legislature approves it.

This emergency major substantive rule will remain in effect for up to one year or earlier if the Legislature approves the provisionally adopted major substantive rule.

**GENERAL PROVISIONS**

**1000 PURPOSE**

The purpose of these regulations is to describe the reimbursement methodology for Home and Community Based Services waiver providers whose services are reimbursed in accordance with Chapters II and III, Section 21, Home and Community Benefits for members with Intellectual Disabilities or Autistic Disorder of the MaineCare Benefits Manual. These Principles govern reimbursement for services provided on or after December 30, 2007. All services reimbursed in this section are considered fee for service.

**1050 DEFINITIONS**

**Fee for service-** is a method of paying providers for covered services rendered to members. Under this fee-for-service system, the provider is paid for each discrete service described in Appendix I to a member.

**Per Diem-** A day is defined as beginning at midnight and ending twenty-four (24) hours later. However, per diem Home Support services may be provided by more than one entity in a twenty-four hour period. When this occurs, only the entity providing Home Support to the member at the very end of the day will receive authorization to bill for the services provided that day. Per Diem reimbursement is allowable to a Home Support Provider who provides Direct support at some point during that day, if the member transfers to an environment that is not being reimbursed for Home Support for that same time period.

**Week** – A week is equal to seven consecutive days starting with the same day of the week as the provider’s payroll records, usually Sunday through Saturday.

**Year-**Services are authorized based on the state fiscal year, July 1 through June 30.

**1100 AUTHORITY**

The authority of the Department to accept and administer any funds that may be available from private, local, State or Federal sources for services under this Chapter is established in 22 M.R.S.A. §§ 10, 12, and 3173. The authority of the Department to adopt rules to implement this Chapter is established under 22 M.R.S.A. §§ 12, 42(l), and 3173.

**1200 COVERED SERVICES** –Covered Services are defined in Chapter II, Section 21 of the MaineCare Benefits Manual.

The standard rates for these services are listed in Appendix I.

- 2. Prior Approved Price** - The price of an item or piece of equipment being purchased for a member must be reviewed and approved by DHHS before it will be reimbursed.

- A. Home Accessibility Adaptations- The DHHS will determine the amount of reimbursement after reviewing a minimum of two written itemized bids from different vendors submitted by the provider. Prior to services being delivered, written itemized bids must be submitted to the DHHS for approval and must contain cost of labor and materials, including subcontractor amounts. The DHHS

will issue an authorization for the approved amount based on the written bids to the provider.

- B. Specialized medical equipment and supplies and Communication Aids- Speech Amplifiers, Aids, Communicators, Assistive Devices- The amount of payment for specialized medical equipment and supplies, and communication aids equipment, Speech Amplifiers, Aids, Communicators, Assistive Devices or Assistive Technology Devices shall be the lowest of:

1. Maximum MaineCare amount listed by applicable corresponding HCPCS codes published at least annually on the Department's website, <https://mainecare.maine.gov/Provider%20Fee%20Schedules/Forms/Publication.aspx> and made available to providers;
2. The provider's usual and customary charges; or
3. The manufacturer's suggested retail price for any medical supply or medical equipment.

- 3. Per Diem reimbursement:** This method of reimbursement is used for Home Support Services provided by an agency. For purposes of Paragraphs 1300 through 1500, an agency is a provider that routinely employs direct care staff to provide Home Support Services to members in a facility operated by the agency.

The per diem rate is calculated using the number of Agency Home Support hours authorized or provided for each member served in the agency's facility and the standard unit rates for Agency Home Support listed in Appendix I. The calculation includes a small range of permissible variance between the number of hours authorized and the number of hours actually provided. The standard unit rates listed in Appendix I will be reduced by \$2.90 for each hour of Home Support Service provided to the member in excess of 168 hours per week. Paragraph 1400 explains the method of calculating the per diem rate, and Appendix 2A sets forth instructions and a chart for use in calculating the per diem rate.

**1400 CALCULATION OF THE PER DIEM RATE FOR AGENCY HOME SUPPORTS**

The authorized per diem rate for all members in the facility is based on the total weekly hours authorized by DHHS for all members in the facility. The amount of the agency's per diem rate is calculated using the chart in Appendix II and the rates for Agency Home Supports set forth in Appendix I. In performing these calculations, the standard unit rates listed in Appendix I will be reduced by \$2.90 for each hour of agency Home Support Service provided to the member in excess of 168 hours per week.

**1400 CALCULATION OF THE PER DIEM RATE FOR AGENCY HOME SUPPORTS (cont)**

If the number of Agency Home Support hours provided by the facility in a week is no less than 92.5 % and no more than 105% of the total hours authorized for members in the facility, the provider will be paid at the per diem rate. If the amount of Agency Home Support hours actually provided to all members in the facility in a given week is less than 92.5% of the hours authorized for those members, the agency's per diem rate will be adjusted to reflect the number of hours actually provided to the members in the facility in that week. In that case, the agency's per diem rate for that week will be determined by adding all of the authorized weekly hours for members in the facility, multiplying by the Agency Home Support rate listed in Appendix I and dividing by seven. The result is then divided by the number of members in the facility to determine a per diem rate applicable to each member for that week.

Only hours of services that have been authorized and provided with a Medical Add-on for Agency Home Support for a member will be reimbursed at the Medical Support reimbursement rate.

**1500 AVERAGE BILLING METHOD**

When billing, the Home Support Agency Per diem services providers may choose to bill for services provided using the weekly billing method or the monthly average billing method.

**Weekly billing method** - Providers bill at the end of the each week based on the actual number of hours of direct support provided in comparison to the hours authorized. If the actual total weekly direct support hours provided for the facility falls within the range of allowable total weekly authorized support hours for the facility then the facility bills at the authorized per diem rate.

If the actual total weekly direct support hours provided for the facility is less than the range of allowable total weekly authorized support hours for the facility then the billable rate is determined by using the actual weekly total support hours provided for the facility. Providers may refer to the billable rate under the applicable table on <http://www.maine.gov/dhhs/oads/disability/ds/MaineCare/index.shtml> or use Appendix 2A or 2B to calculate the billable amount.

**Monthly Average Billing Method** - Providers may calculate a monthly average of weekly direct support services hours provided at the end of each month. If a provider chooses to use the monthly average billing method then all days in the month must be billed using this method. To use this method a provider must submit claims after the last day of the month.

To determine the actual total weekly direct support hours, the actual total hours of direct support provided in the month from 1<sup>st</sup> day of the month through the last day of the month are divided by number of weeks in the month.

- A. If there are 31 days in the month, then the number of weeks in the month is 4.43.
- B. If there are 30 days in the month, then the number of weeks in the month is 4.29.

---

**1500 AVERAGE BILLING METHOD (cont)**

- C. If there are 29 days in the month, then the number of weeks in the month is 4.14.
- D. If there are 28 days in the month, then the number of weeks in the month is 4.00.

The result determines the average actual total weekly direct support hours provided by the facility for the entire month. If the average actual total weekly direct support hours provided by the facility falls within the range of allowable total weekly support hours that was authorized then the provider must bill at the authorized per diem rate.

If the average actual total weekly direct support hours provided by the facility is less than the range of allowable weekly support hours that was authorized then the billable rate will be determined by using the actual total support hours provided for the facility. Providers can determine the billable rate in the applicable table in Appendix in Chapter III.

**Partial Week-** There are situational changes, often unpredictable, that occur resulting in a change in the authorized hours of support in a facility mid-week. Examples include death of a member, unanticipated move or the start up of a new program mid-week.

In these instances, if the Provider has chosen to bill on a monthly basis, services for the week in which the authorization change occurred must be billed on pro-rated basis to determine the actual total weekly support hours provided using the formula below:

If services are provided for 1 day, then the number of actual hours provided is .1428.  
If services are provided for 2 days, then the number of actual hours provided is .2857.  
If services are provided for 3 days, then the number of actual hours provided is .4285.  
If services are provided for 4 days, then the number of actual hours provided is .5714.  
If services are provided for 5 days, then the number of actual hours provided is .7142.  
If services are provided for 6 days, then the number of actual hours provided is .8571.  
Refer to the rate schedule to select the appropriate rate to bill based on the hours provided

**1600 REQUIREMENTS FOR PARTICIPATION IN MAINECARE PROGRAM**

Providers must comply with all requirements as outlined in Chapter 1 and Chapter II, Section 21 of the MaineCare Benefits manual.

**1700 RESPONSIBILITIES OF THE PROVIDER**

Providers are responsible for maintaining adequate financial and statistical records and making them available when requested for inspection by an authorized representative of the DHHS, Maine Attorney General's Office or the Federal government. Providers shall maintain accurate financial records for these services separate from other financial records.

**1800 RECORD KEEPING AND RETENTION OF FINANCIAL RECORDS**

When fiscal records are requested, providers have ten (10) business days to produce the requested record to DHHS. Complete documentation shall mean clear written evidence of all transactions of the provider entities related to the delivery of these services, including but not limited to daily census data, invoices, payroll records, copies of governmental filings, staff schedules, time cards, and member service charge schedule, or any other record necessary to provide the Commissioner with the highest degree of confidence that such services have actually been provided. The provider shall maintain all such records for at least five (5) years from the date of reimbursement.

**1900 BILLING PROCEDURES**

Providers will submit claims to MaineCare and be reimbursed at the applicable rate for the service in accordance with MaineCare billing instructions for the CMS 1500 claim form.

When billing for ~~Employment Specialist Services and Work Support Services-Group the per person rate is based on the number of members served as follows: that are provided in groups of more than one MaineCare member by one direct support staff, the total hours the direct support staff is providing these services should be divided proportionately among the number of members the services are being provided to. Based on the total hours of service provided, the total units of service for the total hours should be divided proportionately between each member in the group. The total amount of units billed for all members should not exceed the total hours of service provided by the direct support staff. For example, if a direct support worker is providing Work Support services to three (3) members at the same time for total of two (2) hours of service provided per day, based on the proportional time spent with each member, two (2) units would be billed for member A, three (3) units would be billed for member B, and three (3) units would be billed for member C for a total of eight (8) units for two (2) hours of direct services.~~

<u>Members in Group</u>	<u>Rate per Unit</u>
<u>2</u>	<u>\$3.46</u>
<u>3</u>	<u>\$2.30</u>
<u>4</u>	<u>\$1.73</u>
<u>5</u>	<u>\$1.38</u>
<u>6</u>	<u>\$1.15</u>

**2000 AUDIT OF SERVICES PROVIDED**

The Department shall monitor provider's claims for reimbursement by randomly reviewing the claim for services and verifying hours actually provided by collecting documentation from providers. Documentation will be requested from providers that correspond to dates of service on claims submitted for reimbursement as follows:

- a) Payroll Records – Documentation showing the number of hours paid to an employee that covers the period of time for which the Direct Care hours are being requested.
