## Public Meeting Visual Display Guidance

The following represents what should be on the plans for display for our Public Meetings. There will always be cases where more or less information may be warranted.

Preliminary Public Meeting – The intent is to notify the public of proposed future project improvements and give the public an opportunity to ask questions or make comments on the proposed future project.

<u>Plan</u>	<u>Profile</u>	<u>Typical Section</u>
Existing Topo	Existing Vertical	Proposed Layout
Existing ROW	Proposed Vertical	
Preliminary Alignment		
Preliminary TW/Shldr		
Gross Impacts		
Begin/End Stations		
North Arrow		

\*If aerial photography is available it may be desired, but not mandatory.

\*\*If different options are being considered and require input, a blank plan meeting may be appropriate

Final Public Meeting – The intent is to notify the Public of the Department’s intent to build a project and convey the design to them, so that they may ask questions and provide input.

<u>Plan</u>	<u>Profile</u>	<u>Typical Section</u>
Existing Topo	Existing Vertical	Proposed Layout
Existing ROW	Proposed Vertical	
Property Owner Names		
Proposed Pole Locations (if available)		
Alignment TW/Shoulders		
Proposed TW/Shldr Impacts		
Clearing Entrance Designs		
Intersections Drainage Concepts		
Begin/End Stations North Arrows		

\*If aerial photography is available it may be desired, but not mandatory.

The MaineDOT logo will be displayed on the public meeting plan

# PLAN LEGEND

NOTE: ALL PATTERNING SHOULD BE DONE LAST
