Notwithstanding any other provision of this Consent Agreement, the Board, the Supervising Physician, or the Board's agent may request Dr. Keniston submit to testing at any time. Failure to maintain this schedule or the random nature of the tests shall be cause for suspension, non-renewal or revocation of Dr. Keniston's Maine medical license, unless proof of genuine emergent medical circumstances (for Dr. Keniston or a patient) exist which warrant less serious disciplinary actions being taken by the Board. For the indefinite period following the execution of this Third Amendment to Consent Agreement, Dr. Keniston shall provide urine samples for testing for the presence of Prohibited Substances on a random basis at least once a month. In addition, to submitting to this testing at least once a month, Dr. Keniston shall, when directed by the Board or the MPHP, undergo up to an additional twelve (12) toxicological tests per calendar year.

9. Dr. Keniston acknowledges by her signature hereto that she has read this Third Amendment to Consent Agreement, that she has had an opportunity to consult with an attorney before executing this Third Amendment, that she executed this Third Amendment of her own free will and that she agrees to abide by all terms and conditions set forth herein

Linda Keniston-Dubocq, M.D.) CONSENT AGREEMENT
Complaint Nos. CR09-220)

This document is a Consent Agreement, effective when signed by all parties, regarding disciplinary action against and modifications to and conditions imposed upon the license to practice medicine in the State of Maine issued to Linda Keniston-Dubocq, M.D. The parties to the Consent Agreement are: Linda Keniston-Dubocq, M.D. ("Dr. Keniston-Dubocq"), the State of Maine Board of Licensure in Medicine ("the Board") and the State of Maine Department of the Attorney General ("the Attorney General"). This Consent Agreement is entered into pursuant to 10 M.R.S. § 8003(5)(B) and 32 M.R.S. § 3282-A.

STATEMENT OF FACTS

1. Dr. Keniston-Dubocq has held a license to practice medicine in the State of Maine since February 19, 1987. Dr. Keniston-Dubocq specializes in Family Practice.

2. On or about May 20, 2009, the Board staff learned from a local newspaper that Dr. Keniston-Dubocq had been charged with Operating Under the Influence (O.U.I.) following an accident on March 7, 2009, in which she damaged the front porch of a home in Fairfield, Maine. According to the newspaper report, Dr. Keniston-Dubocq's blood-alcohol content was .20. The Board staff subsequently obtained a copy of the Fairfield Police Department police reports regarding the March 7, 2009, incident. In addition, the Board staff obtained information that Dr. Keniston-Dubocq had been previously convicted of O.U.I. in 1999.

3. On June 9, 2009, the Board reviewed the information provided by the Office of Attorney General and, pursuant to 32 M.R.S. § 3282-A, voted to initiate a complaint against Dr. Keniston-Dubocq's Maine medical license alleging unprofessional conduct and habitual substance abuse that was foreseeable likely to result in Dr. Keniston-Dubocq performing services in a manner that endangered the health or safety of patients. The Board docketed the complaint as CR09-220.

4. On or about August 3, 2009, the Board received a response from Dr. Keniston-Dubocq to complaint CR09-220. In her response, Dr. Keniston-Dubocq admitted that she had been convicted of O.U.I. in 1999, and that she had been evaluated at that time by the Maine Medical Association's Physicians Health (P.H.P.) and determined not to need enrollment in that program. According to Dr. Keniston-

Dubocq, both she and the P.H.P. concluded that the O.U.I. was an isolated event not related to a possible diagnosis of alcoholism but to personal psycho-social stressors. According to Dr. Keniston-Dubocq, the 2009 O.U.I. was a "wake-up call" that led her to realize that she had a problem with alcohol. As a result, Dr. Keniston-Dubocq voluntarily participated in an extensive substance abuse evaluation, long-term residential treatment program, and is currently and actively participating in recovery with the Maine Medical Association's Medical Professionals Health Program (M.P.H.P.), and engaging in other activities in support of her recovery. According to Dr. Keniston-Dubocq, she has returned to work and has the support of her employer.

5. On September 8, 2009, the Board reviewed complaint CR09-220. Following its review, the Board voted to schedule the complaint for an adjudicatory hearing. In addition, the Board authorized its legal counsel to negotiate a consent agreement to resolve complaint CR09-220 without hearing.

6. Absent Dr. Keniston-Dubocq's acceptance of this Consent Agreement by signing and dating it in front of a notary and returning it to Maureen Lathrop, Investigative Secretary, Maine Board of Licensure in Medicine, 137 State House Station, Augusta, Maine 04333-0137 on or before April 13, 2010, the matter shall be scheduled for an adjudicatory hearing at a later date.

8. By signing this Consent Agreement, Dr. Keniston-Dubocq waives, in her personal capacity and through legal counsel, any and all objections to, and hereby consents to allow the Board's legal counsel to present this proposed Consent Agreement to the Board for possible ratification on April 13, 2010. Dr. Keniston-Dubocq waives, in her personal capacity and through legal counsel, forever any arguments of bias or otherwise against any of the Board members in the event that the Board fails to ratify this proposed Consent Agreement.

COVENANTS

9. Dr. Keniston-Dubocq admits, based upon the evidence in possession of the Board that with regard to complaint CR09-220, the Board has sufficient evidence from which it could reasonably conclude that Dr. Keniston-Dubocq engaged in habitual substance abuse that was foreseeably likely to result in her performing services in a manner that endangered the health or safety of patients. Dr. Keniston-Dubocq acknowledges that such conduct constitutes grounds for discipline of her Maine medical license pursuant to 32 M.R.S. § 3282-A(2)(B).

DISCIPLINE/CONDITIONS OF LICENSURE

10. In light of the admissions in paragraph 9 above, as well as Dr. Keniston-Dubocq's acceptance of responsibility, her efforts to seek treatment and her commitment to refrain from the use of alcohol and to maintain a healthy and continuous recovery, the Board agrees to impose and Dr. Keniston-Dubocq agrees to accept the following discipline:

a. A LICENSE PROBATION of five (5) years with the following conditions, which shall remain in place for five (5) years following the execution of this Consent Agreement unless this Consent Agreement is first amended or rescinded by agreement of all of the parties hereto:

(1). ABSTINENCE. Dr. Keniston-Dubocq agrees that, following the execution of this Consent Agreement, she shall completely abstain from the use of any and all Prohibited Substances. "Prohibited Substances" as used throughout this Consent Agreement shall mean: benzodiazepines; sedatives; hypnotics or similar drugs; opiates; alcohol; Fentanyl; morphine, Demerol, Vicodin, Percocet, mood, consciousness or mind-altering substances, whether illicit or not; and all drugs which are dispensed to or prescribed for herby anyone other than a single primary care physician pursuant to paragraph 10(a)(4)(c) of this Consent Agreement, unless the circumstances constitute a genuine medical or surgical emergency.

(a). Prescription Medication. If any controlled drug is dispensed or prescribed for Dr. Keniston-Dubocq for a personal medical condition, Dr. Keniston-Dubocq or the Supervising Physician shall notify the Board by telephone and in writing within 48 hours or as soon thereafter as possible. This notice shall be followed by a written summary of all pertinent circumstances. The Board shall be apprised of all continuing pertinent circumstances regarding continued use of the controlled drug, and a written report thereof shall be submitted to the Board.

(b). Future Use of Prohibited Substances Shall Result in Loss of Licensure. Dr. Keniston-Dubocq agrees and understands that any reliable evidence of her use at any time in the future, whether in Maine or elsewhere, of any Prohibited Substance, including but not limited to benzodiazepines, sedatives, hypnotics, opiates, Fentanyl, morphine, Demerol, or alcohol, shall constitute a violation of this Consent Agreement, which **SHALL RESULT IN THE IMMEDIATE, INDEFINITE AUTOMATIC SUSPENSION OF LICENSURE, AND PROOF OF USE MAY RESULT IN PERMANENT REVOCATION OF LICENSURE.**

(2). SINGLE PHYSICIAN. Dr. Keniston-Dubocq agrees and understands that, with the sole exception of medications permitted by the Board to be prescribed to her by her Board-approved treating psychiatrist, she shall only obtain her prescription medication(s) from a single primary care physician approved by the Board pursuant to paragraph 10(a)(c)(4) below. Dr. Keniston-Dubocq agrees and understands that she will not make any unilateral changes to the medication regimen prescribed for her by her Board approved primary care physician. In addition, Dr. Keniston-Dubocq agrees that any and all prescriptions for medications that are prescribed to her by her Board-approved primary care physician and psychiatrist shall be filled by her in the State of Maine and at a single pharmacy.

(3). SUBSTANCE MONITORING.¹ Dr. Keniston-Dubocq understands and agrees that, for the duration of this Consent Agreement, she will undergo some level of substance monitoring to test whether she has used a Prohibited Substance. The monitoring shall be through urinalysis testing and/or blood testing, and any other reliable method which may later be developed and approved by the Board. Dr. Keniston-Dubocq irrevocably agrees that the Board and the Maine Department of Attorney General will have full access to all test data and reports. Dr. Keniston-Dubocq shall execute any and all releases necessary for the Board and/or the Attorney General to have full access to all data and reports pertaining to her substance monitoring.

(a). Supervising Physician. Dr. Keniston-Dubocq shall propose a Supervising Physician (the "Supervising Physician"), who shall be approved by the Board who shall have Dr. Keniston-Dubocq provide urine samples for testing for the presence of Prohibited Substances. Under no circumstances shall Dr. Keniston-Dubocq fail to appear and/or provide a urine sample for testing as required by this Consent Agreement.

(b). Process. All urine and/or blood samples shall be handled through legal chain of custody methods. All samples provided shall be analyzed by a certified laboratory, which regularly handles drug monitoring tests. All samples shall be tested for the presence of Prohibited Substances, specifically including but not limited to opiates (*ie.* Fentanyl, morphine, Demerol).

(c). Frequency of Urine Testing. It is Dr. Keniston-Dubocq's obligation to ensure that all the samples are given and tests occur as specified in this Consent Agreement. Testing shall be randomly scheduled. Notwithstanding any other provision of this Consent Agreement, the Board, the Supervising Physician, or the Board's agent may request Dr. Keniston-Dubocq

¹ The substance abuse monitoring pursuant to this Consent Agreement may, at the approval of the Board, be performed by the Medical Professionals Health Program.

to submit to testing at any time. Failure to maintain this schedule or the random nature of the tests shall be cause for suspension, non-renewal or revocation of Dr. Keniston-Dubocq's Maine medical license, unless proof of genuine emergent medical circumstances (for Dr. Keniston-Dubocq or a patient) exist which warrant less serious disciplinary actions being taken by the Board. For the indefinite period following the execution of this Consent Agreement, Dr. Keniston-Dubocq shall provide urine samples for testing for the presence of Prohibited Substances at least once a week.

(d). Reporting Test Results. It is Dr. Keniston-Dubocq's responsibility to ensure that all test results are reported promptly to the Board.

(i). Immediate Report of Positive Test Results. Any test result evidencing any level of a Prohibited Substance, whether by urine or other sample, shall be reported to the Board by telephone and in writing within 24 hours or as soon thereafter as possible.

(ii). Reporting Negative Test Results. Written reports of all tests shall be sent to the Board monthly, together with an explanation of the dates and times samples were provided and tests made, the type(s) of tests made, and the substances tested for (together with detectable levels tested for), and the test results. Dr. Keniston-Dubocq shall ensure that all reports are made to the Board in a timely fashion.

(iii). Confidentiality Waived. With regard to the Board and its agents and any process to be pursued by the Board, Dr. Keniston-Dubocq hereby waives all claims of confidentiality and privilege with respect to all tests taken and test results pursuant to this Consent Agreement. Dr. Keniston-Dubocq shall execute any and all releases in order for the Board to obtain access to and copies of all urine test results.

(e). Rebuttable Presumption Raised by Positive Test. It is agreed and understood that a test evidencing the presence of any Prohibited Substance, shall raise a rebuttable presumption that such substance was in fact used by Dr. Keniston-Dubocq. Such a positive test result shall alone, including any test result showing the presence of ethyl glucuronide, be sufficient to prove the use of the Prohibited Substance by Dr. Keniston-Dubocq. Dr. Keniston-Dubocq further agrees that the result of the test may be admitted into evidence in any proceeding regarding her Maine medical license, whether before the Board or before a Court of competent jurisdiction. Dr. Keniston-Dubocq is hereby advised that the ingestion of poppy seeds, mouthwash and over the counter cough or cold medicines or remedies has from time to time been raised as a defense to a positive screen result for morphine, opiates and/or alcohol. For that reason, Dr. Keniston-Dubocq agrees to refrain from ingesting poppy seeds in any food substances,

mouthwash and over the counter cough or cold medicines or remedies during the period of probation. In the event that Dr. Keniston-Dubocq has a positive screen for morphine, opiates and/or alcohol, Dr. Keniston-Dubocq agrees that the ingestion of poppy seeds and/or mouthwash and/or over the counter cough or cold medicines shall not constitute a defense to such a positive screen.

(f). Immediate, Indefinite, Automatic Suspension for Positive Test. If any urine or blood test is positive (i.e., in any manner evidences any use of any Prohibited Substance – including a positive result for the presence of ethyl glucuronide, a metabolite of alcohol), then the result shall be the immediate, indefinite, automatic suspension of Dr. Keniston-Dubocq's Maine medical license, which shall continue until the Board holds a hearing on the matter, unless the Board, or the Board Secretary and the Department of Attorney General, earlier determine that the report is without merit. The suspension shall become effective at the time that Dr. Keniston-Dubocq receives actual notice from the Board that a report of violation(s) has been made. Actual notice can be provided by telephone, in person, in writing, by another means or any combination of the above-referenced means.

(g). Board Hearing to Determine if Dr. Keniston-Dubocq Used Any Prohibited Substance. After receiving a positive report evidencing use by Dr. Keniston-Dubocq of any Prohibited Substance, the Board shall investigate the situation, including demanding a response from Dr. Keniston-Dubocq. The Board will hold a hearing within 60 days of the automatic suspension or as soon thereafter as practicable (unless both Dr. Keniston-Dubocq and the Board agree to hold the hearing later) and it shall be held pursuant to the Maine Administrative Procedure Act.

(h). Failure to Maintain Sampling Schedule or Failure to Appear or to Provide Sample. Failure by Dr. Keniston-Dubocq: to maintain the sampling schedule; to appear when demanded to provide a sample; or to provide samples upon being demanded to do so shall be dealt with as follows:

(i). Report. If Dr. Keniston-Dubocq fails to appear to provide a sample, fails to maintain the sampling/testing schedule, or fails to provide a urine sample, then the Supervising Physician and Dr. Keniston-Dubocq must telephone the Board as soon as possible and send to the Board a written report of such failure within 48 hours.

(ii). Second Opportunity to Provide Urine Sample. If Dr. Keniston-Dubocq appears when scheduled or ordered, but fails to provide an adequate sample, then with regard to urine, after accurate notation of any and all substances consumed (no substance shall be consumed which might affect the accuracy of the tests to be performed), a second

opportunity to provide a urine sample shall be given after a reasonable time. A repeat failure or any refusal shall result in an immediate, indefinite suspension of medical licensure. The suspension shall begin the moment of the occurrence.

(iii). Suspension. An immediate, indefinite suspension of licensure shall result from any failure by Dr. Keniston-Dubocq to comply with the mandated schedule of samples, failing to appear to provide a sample, or failing to provide a urine sample after given a second opportunity. The suspension shall begin the moment Dr. Keniston-Dubocq actually learns a report has been made or sent to the Board.

(iv). Meeting with Board. Both Dr. Keniston-Dubocq and the Supervising Physician shall, at the discretion of the Board, be required to appear before the Board regarding this situation at its next regularly scheduled Board meeting, unless the next meeting is to be held within 15 days of the suspension, in which case they may be scheduled to appear at the subsequent regularly scheduled Board meeting.

(v). Board Action. The Board may order Dr. Keniston-Dubocq's Maine medical license reinstated or, if appropriate, may continue the suspension and may set the matter for hearing. The Board shall attempt to hold a hearing within 60 days of the automatic suspension, or as soon thereafter as practicable, at which time it may take such action as it deems appropriate, including without limitation, reinstatement, fines, probation, suspension, non-renewal and revocation.

(i). Amendment of Testing Provisions. After two (2) years of successful compliance with the terms and conditions of this Consent Agreement, Dr. Keniston-Dubocq may file a written application with the Board to amend the testing conditions. Upon written application by Dr. Keniston-Dubocq to the Board, the Board may amend the above agreed conditions for testing. Amendment of the testing conditions shall be in the sole discretion of the Board and shall be based upon such information as the Board deems pertinent. A decision regarding the amendment of testing provisions may be made by the Board, in its sole discretion, with or without providing a hearing. Any decision by the Board regarding a request to amend the testing conditions is not appealable. The Board can propose Amendment(s), which may or may not be agreed to by Dr. Keniston-Dubocq.

(j). Increasing Testing. For good cause shown (i.e., questionable reports or problems with providing samples), the Board can, in its sole discretion, without hearing, unilaterally increase the frequency of testing to the highest levels contemplated by this Consent Agreement, and may also add an additional four random tests per month. Any decision made by the

Board pursuant to this paragraph does not require a hearing and is not appealable.

The Board in its discretion may approve the same individual approved by the Board to provide Dr. Keniston-Dubocq with substance abuse treatment to provide her with mental health treatment pursuant to this paragraph. The therapy sessions shall occur at least monthly and continue until the therapist notifies the Board that treatment is no longer necessary or useful. The Board, in its sole discretion, will determine whether cessation of therapy is appropriate.

Dr. Keniston-Dubocq acknowledges that any decision by the Board concerning this issue is not appealable.

(g). Change of Primary Care Physician or Treatment Provider(s). If Dr. Keniston-Dubocq desires to change her primary care provider or treatment provider(s), then she shall make written application to the Board, including among other things a letter regarding her reasons for requesting such change(s) and separate letters from the current primary care physician or treatment provider(s) and the proposed new primary care physician or treatment provider(s) relative to their understanding of the reasons for this request and, to the extent applicable, any concerns they may have. The Board shall retain the sole discretion to grant or deny such application without hearing. Dr. Keniston-Dubocq acknowledges that any decision by the Board concerning this issue is not appealable. If the request is denied, nothing precludes Dr. Keniston-Dubocq from proposing another primary care physician or treatment provider for approval. In requesting a change of primary care physician or treatment provider, Dr. Keniston-Dubocq understands that the Board may inquire into any issues it deems pertinent with any person, including, without limitation, the current primary care physician or treatment provider(s).

The monitoring physician shall report such information to the Board by telephone and in writing within 24 hours or as soon thereafter as possible. Dr. Keniston-Dubocq understands that the monitoring physician will be an agent of the Board pursuant to Title 24 M.R.S. § 2511. Dr. Keniston-Dubocq shall permit the monitoring physician full access to her medical practice, including but not limited to all patient information. The Board-approved monitor shall provide the Board with reports regarding Dr. Keniston-Dubocq's medical practice on or before January 9th, April 9th, July 9th, and October 9th of each year following the execution of this Consent Agreement.

(6). SELF-HELP GROUP MEETINGS.

Any instances of failure to attend the required numbers of meetings shall be noted, together with specific explanation detailing reasons.

(d). Failure to Meet This Requirement. It is the parties' understanding that, periodically, reasonable explanations may exist for occasionally missing a meeting; however, unexcused continuous or repeated failures to comply with the requirements of this section shall constitute a violation of the Consent Agreement which, after hearing before the Board, can result in licensure discipline, including without limitation a fine, suspension, non-renewal, or revocation of Dr. Keniston-Dubocq's Maine medical license.

(7) MAINTENANCE OF OBLIGATIONS WHEN AWAY

(a). General. Dr. Keniston-Dubocq agrees to maintain her obligations regarding substance monitoring and self-help group meetings at all times, including times when she is away from home but within the continental limits of the United States. Dr. Keniston-Dubocq will notify the Director of the Medical Professionals Health Program sufficiently in advance of travel to make whatever arrangements the Director deems appropriate for monitoring before she leaves. It shall be Dr. Keniston-Dubocq's obligation to ensure that arrangements are made consistent with this Consent Agreement in such other location(s) to ensure the continuation and satisfaction of her obligations under this Consent Agreement. Any such occurrences shall be noted in writing sent to the Board by Dr. Keniston-Dubocq explaining the arrangements made and how the arrangements were carried out.

Dr. Keniston-Dubocq waives any privileges concerning such information, reports, or records, and agrees to execute any and all releases necessary to permit the Board access to such information. All releases must, in addition to waiving any relevant State law privileges or immunities, provide the Board with access to all material covered by 42 C.F.R., Part 2. In the event that the releases are not sufficient to obtain access to any information which the Board considers relevant, Dr. Keniston-Dubocq agrees to personally obtain such information and furnish it to the Board, to the extent permitted by law.

11. SANCTION FOR VIOLATION OF CONSENT AGREEMENT.

a. Automatic Suspension. Any reliable oral or written report to the Board of violation(s) of the terms and conditions of this Consent Agreement as described above by Dr. Keniston-Dubocq shall result in the immediate, indefinite and automatic suspension of Dr. Keniston-Dubocq's Maine medical license. The Board will hold a hearing within 60 days of the automatic suspension or as soon thereafter as practicable (unless both Dr. Keniston-Dubocq and the Board agree to hold the hearing later) and shall be held pursuant to the Maine Administrative Procedure Act. The Board may impose such other discipline, including without limitation, fines, further suspension, probation, non-renewal or revocation of licensure, as the Board after hearing deems appropriate.
